

IoD 2019: Income deprivation domain

The Income Deprivation Domain measures the proportion of the population in an area that live in income deprived families. The definition of income deprivation adopted here includes both families that are out-of-work and families that are in work but who have low earnings (and who satisfy the respective means tests). The table summarises the number of neighbourhoods called LSOAs in Calderdale that are within 30% most deprived in England for this domain. There are 32,844 LSOAs in England, and 128 in Calderdale.
